A2 ARE GRAPHS JUST PICTURES?

- * Discuss this situation with your neighbour, and write down a clear description stating how you both think the speed of the golf ball changes.
- * Now sketch a rough graph to illustrate your description:

1

Peter attempted the golf question and produced a graph like this:

- * Comment on it.
- * Can you suggest *why* Peter drew his graph like this?
- * Can you see any connection between Peter's attempt and the cartoon on page 1?
